Handmade in Canada

with ♥ since 1999

## Flat Spiral

Designed for plants to grow through, these supports are the workhorse of the garden. Once installed above a perennial, your blooms will stand tall season after season with no need to remove. They look gorgeous with snow and ice as sculptures in the gardens during our Canadian winters

**Recommended for:** Peony, Daisy, Veronica, Foxglove, Monkshood, Delphinium, Scabiosa (Pin Cushion)

**Sizes:** Extra Large 42" x 20" (extra leg available), Large 36" x 16", Medium 42" x 12", Small 30" x 10"

## Flop Bar

Our Top selling plant support. Its versatility for use in the garden makes this our most universal plant support. Simply put, when a plant is flopping over from weight, wind or rain just reach for a flop bar or two depending on the size of the plant.

**Recommended for:** Delphinium, Monkshood, Hollyhocks, Sunflowers, Dahlias

**Sizes:** 5 sizes available: 5', 4', 3', 2', 1'

## Corkscrew

Designed to provide gentle support to the end of the length of the stem while still allowing movement and flexibility. Ideal for climbing plants, for vegetables, as well as adding a touch of vintage inspired whimsy to your containers or gardens

**Recommended for:** Indeterminate Tomato, Delphinium, Hollyhock, Sunflower, Morning Glory, Scarlet Runner Beans, Clematis

**Sizes:** 4 Sizes Available: 6', 5', 4', 2'

## Obelisk

The grace and beauty of our obelisks will crown your garden or containers by creating stunning vertical interest. Prongs on the bottom ensure the sculpture will remain upright even in high winds. Copper accents weather to a beautiful vertigree patina over time

**Recommended for:** Vines, Roses, or as the height element in any custom potting project

**Sizes:** Extra Large 79" x 16" (base), Large 59" x 14" (base), Medium 38" x 12" (base)

## Globe

A classical garden shape with a new twist: these globes will stand on their own on pretty little feet. Arrange among your planters or in a border. They also nestle right into a pot to be used as a low topiary form. Can also hold up to a 10" pan

**Recommended for:** Vines, Succulents, Echeverias, or on its own in the garden

**Sizes:** Large 32" x 26", Medium 24" x 19", Small 16" x 13"

## Pillar

Inspired by an English antique, this pillar is an exceptional free standing support system. Can be used in the ground or in a container and is the only tomato tower you will ever have to buy. Prongs on the bottom ensure the sculpture will remain upright even in high winds

**Recommended for:** Tomatoes, Clematis, Morning Glory or any annual vine, pole/runner beans, and even roses

**Sizes:** Large 6' x 15", Medium 5' x 13"

## Double Loop

These modern sculptures capture minimalism and deliver a unique accent to your garden or container. Birds love them and they look amazing in our Canadian winters

**Recommended for:** Place one between perennials or annuals, on it's own as part of a rock bed, or, as a focal point or utilize it in your containers.

**Sizes:** Large 35"x35", Medium 30" x 30", Small 25" x 25"

## Triple Loop

This simple and classically designed large sculpture brings a modern focal point to your garden or containers. Customize the rings by spinning them or keep them flat – the choice is up to you

**Recommended for:** As part of a rock bed or dry creek, as a focal point or utilize it in your containers for a dramatic entrance.

**Sizes:** Large 35"x 35", Medium 30" x 30"

## Chandelier

A classic shape with a little bling. Designed to hang under an umbrella, in a gazebo or in a grouping on a patio with an overhang. These beautiful orbs will brighten any setting and can be "opened" by putting two rings together to created a bigger opening, place your item and push the ring back to close the orb

**Recommended for:** Mass of twinkly string lights, candles, home decor or just a potted plant. Tree hooks sold separately

**Size:** 16" x 13"

### 3 Stack

This modern sculpture is a delightful focal point in any garden. Placed strategically each circle displays a different garden view as they can rotate or stay flat. Designed to use in the ground or in a container – it creates fabulous height in shady locations.

**Recommended for:** As a stand alone sculpture in the garden or as a dramatic height element in a container

**Size:** 40" x 11"

### 5 Stack

This modern sculpture is a delightful focal point in any garden space. Placed strategically each circle displays a different garden view as they can rotate or stay flat. Designed to use in the ground or in a container - it creates fabulous height in shady locations

**Recommended for:** Taller than the 3 Stack, this piece is almost 6 feet. Introduce a bold height element to any container or garden with ease

**Sizes:** 70 3/4" x 18"

### Topiary

Created to bring a topiary feel to any location. Fill with a potted plant, a plate with candles, or a potted plant. Popular with wedding planners for creating an aisle for non-traditional sites. Prongs on the bottom ensure the sculpture will remain upright even in high winds

**Recommended for:** Stand alone sculpture filled with greenery or as a support for climbing vines trained to look like a living topiary

**Size:** 4' x 16"

## Essence

This unique sculpture represents balance = one piece supporting the other. A strong focal point in any garden by evoking the feeling of wind, ripples of water or flames. Install by burying the foot prongs at least a foot deep and tamp down well this will ensure the sculpture will remain upright even in high winds. The large size is not recommended for use in pots

**Recommended for:** Stand alone sculpture or use the Mini Essence in your potting projects

**Sizes:** 77" x 13", 47" x 4.5" or mini essence (AIME01) for container installation

## Serenity

Enjoy the grace of this majestic sculpture that truly makes a gorgeous statement in any garden. Designed as a standalone sculpture for in ground use. Use as a focal point in the landscape and watch the copper patina over time. Loved by birds all season long - especially in winter. Install by burying the foot prongs at least a foot deep and tamp down well (ensures the sculpture will remain upright even in high winds).

**Recommended for:** Ground installation only. Not recommended for use in pots

**Sizes:** 77" x 23.5"

## Mini Trio 3 Pack

Designed as a functional support, it can be added to your containers or support a single stemmed plant in the garden. Simply wind one or more stems into the spiral

**Recommended for:** Asiatic Lily, Snapdragon, Alluim, Salpiglosis, Amaryllis, Dahlia and Gladiola

**Sizes:** Available in a 3 pack, each a different height  
15.5"x4" max

## Tree Hooks

Designed for tree health and strength. Can hold up to 100lbs without damaging the branch

**Recommended for:** The largest of lanterns, birdfeeders, hanging baskets or planters. Perfect to support our Chandeliers

**Sizes:** 15.5" x 4"

## Cup Holders

Originally designed for holding your drink anywhere you need an extra hand, we also find them handy for plant support

**Recommended for:** Perfect to hold your drink or a candle while in the garden, beside the pool, or camping – just stick it in the ground! Or use as a support for individual blooms like dahlias, lilies and zinnias

**Sizes:** 37" x 4"

## Fiddleheads

Designed to support a single bloom. Also cute to use throughout the garden. Also provides whimsical bling when used together to provide interest to a low container. Comes in a set of 3 each a different height

**Recommended for:** Supports orchids, begonias, foxglove, bearded iris or echinacea

**Sizes:** Large 34" x 4" max., Small 23" x 2.5"

## Whimsey

This small décor piece can solve any height element challenge for planters or to create whimsical interest to any small area of the garden. The iron also provides a happy resting place for birds. Our signature foot makes installation a breeze

**Recommended for:** Ground installation, as a feature in a container or as a fun plant support

**Sizes:** 53" x 5"

## Custom Display Cases

Holds 10 of each of our standard plant supports.
